## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council  
Town of Eureka City  
Eureka City, Utah

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Eureka City (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Eureka City, as of June 30, 2020 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated December 19, 2020 on our consideration of Town of Eureka City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Town of Eureka City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Town of Eureka City, we offer readers of Town of Eureka City's financial statements this narrative overview and analysis of the financial activities of Town of Eureka City for the fiscal year ended June 30, 2020.

### Financial Highlights

- The total net position of the governmental activities of \$1,178,614 is composed of \$950,404 of investment in capital assets, and \$238,210 of unrestricted net assets. Total net assets decreased by \$170,562 from the prior year.
- As of the end of the current fiscal year, the City's governmental fund reported an ending fund balance of \$240,510, This entire amount of \$240,510 is unassigned in the general fund.
- In the enterprise (proprietary) funds, operating revenues increased by \$16,813. Corresponding operating expenses increased by \$290,054. The largest reason for this increase is the depreciation expense recorded for the newly finished water and sewer projects.
- In the enterprise (proprietary) funds, nonoperating revenues decreased by \$938,537 due to a decrease in grant revenues related to the water and sewer projects.

### Reporting the City as a Whole

This discussion and analysis is intended to serve as an introduction to Town of Eureka City's basic financial statements. Town of Eureka City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes other supplementary information in addition to the basic financial statements.

*The government-wide financial statements* are designed to provide readers with a broad overview of Town of Eureka City's finances, in a manner similar to a private-sector business.

- *The statement of net assets* presents information on all of Town of Eureka City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Town of Eureka City is improving or deteriorating. However, you will also need to consider other non-financial factors.
- *The statement of activities* presents information showing how the City's net assets changed during the fiscal year reported. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Both of the government-wide financial statements distinguish functions of Town of Eureka City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other

functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide financial statements can be found on pages 9 -10 of this report.

### **Reporting the City's Most Significant Funds**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Town of Eureka City also uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

- Governmental funds – These funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. These fund statements focus on how money flows into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps users determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation included with the fund financial statements.

The governmental fund financial statements can be found on pages 11-14 of this report.

The major governmental fund (as determined by generally accepted accounting principles) is the general fund.

- Proprietary funds – Town of Eureka City maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of Eureka City uses enterprise funds to account for its water utility, sewer utility, and sanitation utility.
- The basic proprietary fund financial statements can be found on pages 15-17 of this report.

### **Government-Wide Financial Analysis**

Capitalized net assets may serve over time as a useful indicator of a government's financial position. In the case of Town of Eureka City, assets and deferred outflows exceed liabilities and deferred inflows by \$13,512,542.

One of the largest portions of Town of Eureka City's net assets (97%) reflects its investment in capital assets (e.g., land, buildings, infrastructure assets, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**The following table summarizes the City's net assets.**

	Governmental Activities		Business-Type Activities		Total

**Business-type activities.** Business-type activities decreased the City's net assets by \$175,344. As of the end of the current fiscal year, all three business-type funds reported positive net assets.

**Financial Analysis of the Government's Funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$240,510 while total fund balance reached \$240,510. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 51% of total general fund expenditures, while total fund balance represents 41% of that same amount.

The City maintains enterprise funds to account for the business-type activities of the City. The information is found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the combined enterprise funds at the end of the year amounted to \$227,130. The net investment in capital assets is \$12,106,798. As mentioned in the financial highlights, operational revenues and expenditures in the Enterprise funds increased during the current fiscal year.

**General Fund Budgetary Highlights**

During the fiscal year, the general fund’s original budget was adopted by the city council with budgeted revenues of \$534,775 and budgeted expenditures of \$534,775. The budget was amended during the year. Budgeted revenues decreased by \$68,320, and budgeted expenses decreased by \$68,320.

**Capital Assets and Debt Administration**

**Capital Assets.** Town of Eureka City’s investment in capital assets for its governmental and business-type activities as of June 30, 2020 amounts to \$16,421,587 (net of accumulated depreciation). The investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure and construction in progress.

	Governmental Activities		Business-type Activities		Total	Total
	2020	2019	2020	2019	2020	2019
Construction in progress	\$ -	\$ -	\$ 153,716	\$ 117,882	\$ 153,716	\$ 117,882
Land	118,000	118,000	75,756	75,756	193,756	193,756
Water rights	-	-	36,997	36,997	36,997	36,997
Buildings	487,612	494,368	-	-	487,612	494,368
Improvements	13,579	14,064	-	-	13,579	14,064
Equipment	14,175	63,664	66,922	88,952	81,097	152,616
Infrastructure	317,038	318,398	15,137,792	15,484,438	15,454,830	15,802,836
Total capital assets	<u>\$ 950,404</u>	<u>\$ 1,008,494</u>	<u>\$ 15,471,183</u>	<u>\$ 15,804,025</u>	<u>\$ 16,421,587</u>	<u>\$ 16,812,519</u>

Additional information on the City’s capital assets can be found in the footnotes to this financial report.

**Long-term debt.** At the end of the current year, the City had total bonded debt outstanding of \$3,364,384 secured solely by specific revenue (enterprise) sources (i.e., revenue bonds) and notes payable.

	Governmental Activities		Business-type Activities		Total	
	2020	2019	2020	2019	2020	2019
Water bond payable 2003A	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Water bond payable 2003B	-	-	-	-	-	-
Water project planning loan	-	-	-	-	-	-
Water bond payable 2015A	-	-	-	-	-	-
Water bond payable 2015B	-	-	1,418,348	1,441,247	1,418,348	1,441,247
Sewer bond payable 2015A	-	-	98,000	110,000	98,000	110,000
Sewer bond payable 2015B	-	-	1,128,000	1,171,000	1,128,000	1,171,000
Sewer bond payable 2015C	-	-	720,036	731,129	720,036	731,129
Total outstanding debt	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,364,384</u>	<u>\$ 3,453,376</u>	<u>\$ 3,364,384</u>	<u>\$ 3,453,376</u>

During the fiscal year 2020 the City's total outstanding debt decreased by \$88,992. This was a result of grant funding used to pay off certain existing bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 4% of its total taxable value. The current limitations for the City are \$983,340, which is significantly in excess of the City's outstanding general obligation debt. In addition, state statutes allow for an additional 8% to be used for water, sewer, or other revenue bond projects, thus resulting in a debt limit of 12% of total taxable value.

Additional information on the City's long-term debt can be found in the footnotes to this financial report.

### **Economic Factors and Next Year's Budgets and Rates**

- The general fund budget for the fiscal year ending June 30, 2021 reflects a 33% change in budgeted revenues over the fiscal year ending June 30, 2020 budget.

### **Request for Information**

This financial report is designed to provide a general overview of Town of Eureka City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Town of Eureka City, P.O. Box 156 Town of Eureka City, UT 84628.

**TOWN OF EUREKA CITY**  
Balance Sheet Reconciliation to  
Statement of Net Assets  
June 30, 2020

Total fund balances - governmental fund types: \$ 240,510

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Land	\$ 118,000	
Buildings	714,363	
Improvements	29,555	
Equipment	94,431	
Infrastructure	1,963,539	
Less Accumulated Depreciation	<u>(1,969,484)</u>	950,404

Long-term assets not available to pay for current period expenditures and, therefore, are deferred in the funds

Delinquent Property Taxes	433	
Pension related costs	<u>6,043</u>	6,476

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds but rather as an expenditure when due. All liabilities, both current and long-term are reported in the statement of net assets.

Pension Liability		(10,596)
-------------------	--	----------

Deferred inflows of resources related to pensions do not require current resources and are not reported in the governmental funds

(8,180)

Net assets of government activities

\$ 1,178,614

**TOWN OF EUREKA CITY**  
Statement of Changes Reconciliation to  
Statement of Activities  
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds \$ (103,086)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$ 10,800	
Contribution of Capital Assets to Enterprise Funds	-	
Depreciation Expense	<u>(68,890)</u>	(58,090)

Proceeds from the sale of capital assets are reported as revenues in the governmental fund statements, however, the gain or loss on the sale is reported in the Statement of activities. Thus the change in net position is adjusted for the gain or loss on sale of capital assets.

-

Some expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in the governmental fund statements.

Pension expenses 1,689

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements.

Delinquent Taxes	(11,075)	
Withheld Sales and Franchise Taxes	<u>-</u>	<u>(11,075)</u>

Change in net assets of governmental activities \$ (170,562)

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Town of Eureka City (the Town) are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict the GASB pronouncements. The Town applies FASB pronouncements issued after that date to its business-type activities and enterprise funds. The more significant accounting policies established by GAAP and used by the Town are discussed below.

**Reporting Entity**

The Town of Eureka City is located in Juab County in the State of Utah. Under the present form of government, administrative and legislative powers are vested in a governing body, consisting of the mayor and a town council. The Town provides the following services as mandated by law: general administrative services, public safety, highways and public improvements, parks, recreation and public property, water, and sanitation services.

**Government Wide Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use directly benefit from goods, services, or privileges, provided by a given function or activity or (2) grants and contributions that are restricted to meeting the operational or capital requirements of particular function or activity. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

**Measurement Focus, Basis of Accounting and Presentation**

The government-wide financial statements are reported using the economic resources measurements focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified basis of accounting. Revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after the year-end. Expenditures are recorded when the related fund liability is incurred, except for expenditures related to compensated absences, claims, and judgments, which are recorded only when payment is due.

Sales taxes, use taxes, franchise taxes, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenue when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when the Town receives the cash.

The Town reports the following major governmental funds:

The *general fund* is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Town reports the following major proprietary funds:

The *water, sewer, and sanitation funds* account for the water, sewer, and sanitation activities of the Town.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

As a general rule, the effect of inter-fund activity has been eliminated from the government financial statements. Exceptions to this general rule are payments to the general fund by various enterprise funds for the providing of administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Assets, Liabilities, and Net Assets or Equity**

**A. Cash and Cash Equivalents**

Cash includes cash on hand, demand deposits with banks and other financial institutions, and deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts. Town policy allows for the investment of funds in time certificates of deposit with federally insured depositories, investment in the Utah Public Treasurer's Investment Fund (the Fund) and other investments allowed by the State of Utah's Money Management Act. Investments are reported at fair value. The fund operates in accordance with state laws and regulations. The reported value of the Town's cash in the Fund is the same as the fair value of the Fund shares.

Cash equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates. Investments with maturities of three months or less when purchased meet this criterion.

**B. Restricted Assets**

Cash, which is restricted to a particular use due to statutory, budgetary, or bonding requirements by outside parties, is classified as "restricted cash" on the financial statements. Restricted cash would be spent first and then unrestricted would be used when the restricted funds are depleted.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings and structures	30-50
Infrastructure	30-50
Improvements other than buildings	10-40
Machinery and equipment	5-10

**D. Taxes**

In Utah, county governments assess, levy, collect and disburse two principal types of tax: (1) personal property tax which is assessed on business assets other than real estate, and (2) tax on real estate and improvements. Business personal property and real estate taxes attach as an enforceable lien on property as of January 1. Taxes are levied on all business personal property on January 1, and real estate and improvement taxes are levied on January 1 and are payable by November 30. The real property taxes which are due in November are reported as a receivable from property taxes on the financial statements. Because these taxes are not considered available to liquidate liabilities of the current period, they are offset by deferred revenue.

The City council is authorized by state statute to levy a tax against all real and personal property located within its boundaries. The Council must set a tax rate by June 22 each year. The county treasurer, acting as a tax collector, must settle and disburse all tax collections to all taxing entities on a routine basis.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Deferred Outflows / Inflows of Resources**

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred outflows of resources related to pension costs

In addition to liabilities, the financial statements will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items, one of which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The item, revenue for future year, is reported in both the statement of net position and the governmental funds balance sheet. These amounts account for property taxes levied on January 1, 2019 for the 2018-2019 Fiscal year. The enterprise funds report deferred inflows of resources related to pension costs.

**F. Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**G. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**H. Fund Equity**

The governmental fund financial statements present fund balances based on a hierarchy that shows, from highest to lowest, the level or form of constraints on fund balance resources and the extent to which the City is bound to honor them. The City first determines and reports nonspendable balances, then restricted, then committed, and so forth. Fund balance classifications are summarized as follows:

- **Restricted.** This category includes net fund resources that are subject to external constraints that have been placed on the use of the resources either a) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation. Restricted fund balance amounts include the following: debt service, impact fees, and unspent B&C road funds.
- **Unassigned.** Residual balances in the Governmental Funds are classified as unassigned.

**I. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of assets, net of accumulated depreciation reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use, either through the enabling legislation adopted by the City or through external restriction imposed by creditors, grantors or laws or regulations of other governments.

**J. Use of Estimates**

Presenting financial statements in conformity with generally accepted accounting principles requires management to make certain estimates concerning assets, liabilities, revenues, and expenses. Actual results may vary from these estimates.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 2 - BUDGETS AND BUDGETARY ACCOUNTING**

Annual budgets are prepared and adopted in accordance with the Uniform Fiscal Procedures Act adopted by the State of Utah. Once a budget has been adopted, it remains in effect until it has been formally revised. Furthermore, in accordance with state law, all appropriations lapse at the end of the budget year. If any obligations are contracted for and are in excess of adopted budget, they are not a valid or enforceable claim against the Town. Budgets are adopted on a basis consistent with generally accepted accounting principles.

The Town adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- A. On or before the first regularly scheduled meeting of the Town council in May, the Town clerk, authorized under state statute to be appointed budget officer, submits a proposed operating budget. The operating budget includes proposed expenditures and the means of financing them.
- B. A public hearing is held, at which time the taxpayers' comments are heard. Notice of the hearing is posted in various locations in the Town at least seven days prior to the hearing. Copies of the proposed budget are made available for public inspection ten days prior to the public hearing.
- C. On or before June 22, a final balanced budget must be adopted through passage of a resolution for the subsequent fiscal year beginning July 1.
- D. Control of budgeted expenditures is exercised at the departmental level under state law. The Town clerk, however, acting as budget officer, has the authority to transfer budget appropriations between line items within any department of any budgetary fund. The Town council, by resolution, has the authority to transfer budget appropriations between the individual departments of any budgetary fund.
- E. Budget appropriations for any department may be reduced by resolution.
- F. A public hearing, as required in B) above, must be held to increase the total appropriations of any one governmental fund type; however, after the original public hearing, operating and capital budgets of proprietary fund types may be increased by resolution without an additional hearing.
- G. Encumbrances lapse at year end. Encumbered amounts carry over to the following year and are subject to re-appropriation. Therefore, no encumbrances are presented in the financial statements.

During the fiscal year, the Town modified the budget using the above procedures.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**NOTE 3 – CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The Town’s carrying amount of deposits was \$448,095 and the balance in the Town’s bank account and the cash on hand was \$452,172, with the difference being due to outstanding checks and deposits in transit.

A. Deposits

Deposits – Custodial Credit Risk. Custodial risk is the risk that in the event of a bank failure, the Town’s deposits may not be returned to it. The Town follows the requirements of the Utah Money Management Act in handling its depository and investing transactions. The Town considers the actions of the State Money Management Council to be necessary and sufficient for adequate protection of its uninsured bank deposits. Town funds are deposited in qualified depositories as defined by the Act. The Town does not have a deposit policy for custodial credit risk. As of June 30, 2020, the Town’s custodial credit risk for deposits were as follows:

Depository Account	Custodial Credit Risk	Balance June 30, 2020
Checking and Savings	Insured and Collateralized	\$ 250,000
Checking and Savings	Uninsured and Uncollateralized	39,352
Total Deposits		\$ 289,352

B. Investments

The Town’s investments are managed through participation in the State Public Treasurer’s Investment Fund and through a trust arrangement with a local bank. As of June 30, 2020, the Town’s investments are treated as cash equivalents. The Town had the following investments:

Investments	Investment Maturities (in Years)				Quality Ratings
	Less Than 1	1-5	6-10	More than 10	
Utah Public Treasurer's Investment Fund	\$ 133,278	\$ -	\$ -	\$ -	Unrated
Certificates of Deposit	25,752	-	-	-	Unrated
Total Investments	\$ 159,030	\$ -	\$ -	\$ -	

The Town measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and
- Level 3: Unobservable inputs

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**NOTE 3 – CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)**

At June 30, 2020 the Town had the following recurring fair value measurements:

Investments by fair value level	6/30/2020	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Debt Securities				
Certificates of Deposit	\$ -	\$ -	\$ 25,752	\$ -
Utah Public Treasurers' Investment Fund	-	-	133,278	-
Total debt securities	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 159,030</u>	<u>\$ -</u>
 Total investments measured at fair value	 <u>\$ 159,030</u>			

Investments – Interest Rate Risk. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, interest rate risk is managed by compliance with the Utah Money Management Act, which provides guidance for handling depository and investing transactions in order to minimize interest rate risk.

Investments – Credit Risk. The Town follows the requirements of the Utah Money Management Act (the Act) in handling its depository and investing transactions. The Town funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the Town to invest in the Utah Public Treasurer’s Investment Fund (PTIF), certificates of deposits, U.S. treasury obligations, U.S. agency issues, restricted mutual funds, and obligations of governmental entities within the State of Utah. The Town’s investments are invested in accordance with the Act. The State Money Management Council provides regulatory oversight for the investments. The degree of risk of the investments depends on the underlying portfolio. The Act and council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. If a qualified depository should become ineligible to hold public funds, public treasurers are notified immediately. The Town considers the actions of the council to be necessary and sufficient for adequate protection of its investments. The Town has no investment policy that would further limit its investment choices. The PTIF fund is unrated.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**NOTE 4 – RECEIVABLES**

Receivables as of yearend for the government’s individual major funds, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Water</u>	<u>Sewer</u>	<u>Sanitation</u>	<u>Total</u>
Receivables:					
Taxes	\$ 65,104	\$ -	\$ -	-	\$ 65,104
Intergovernmental	20,434	-	-	-	20,434
Accounts	-	41,942	23,117	8,264	73,323
Allowance for uncollectible accounts	-	(13,507)	(7,445)	(2,661)	(23,613)
Total receivables	<u>\$ 85,538</u>	<u>\$ 28,435</u>	<u>\$ 15,672</u>	<u>\$ 5,603</u>	<u>\$ 135,248</u>

Governmental funds report *deferred inflows* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred inflows* and *unearned revenue* reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Property taxes receivable (general fund)	<u>\$ 44,671</u>	<u>\$ 44,671</u>

**NOTE 5 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

Interfund balances and transfers are created to support temporary cash deficiencies in the applicable funds. In 2020 there was an internal balance of \$243,894 between the water fund and the general and sewer funds.

The Town received land from the Union Pacific Railroad. The land was adjacent to existing property owners. The railroad company gave the land to the Town with the stipulation that when the adjacent property owner presented a survey showing the portion of land that was adjacent to their property, the Town would then deed the land to the citizen. The Town has title to the land; however, the agreement states that the land can only be given to the adjacent property owners. Therefore, this transaction is treated as another asset and other liability on the statement of net assets.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**NOTE 9 – RESERVED FUND BALANCES**

The Town has no reserved fund balance amounts for unspent B&C road funds designed for maintenance of the Town’s roads. During the fiscal year the Town spent the restricted funds on a chip seal projects on their roads.

**NOTE 10 – STATE RETIREMENT PLANS**

**Description of plans** – Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirements Systems are comprised of the following pension trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- The Tier 2 Public Employees System became effective July 1 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement System (URS) is established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The URS’s defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report which can be obtained by writing Utah Retirement Systems, 560 E. 200 S, Salt Lake City, Utah 84102 or visiting the website: [www.urs.org](http://www.urs.org)

**Benefits Provided** – URS Provides retirement, disability, and death benefits. Retirement benefits are as follows:

<b>System</b>	<b>Final average salary</b>	<b>Years of service required and/or age eligible for benefit</b>	<b>Benefit percent per year of service</b>	<b>COLA**</b>
Noncontributory System	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2.0% per year all years	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%

*\*with actuarial reductions*

*\*\*all post-retirement cost of living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.*

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**NOTE 10 – STATE RETIREMENT PLANS (Continued)**

**Contributions** – As a condition of participation in the plans, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates are as follows:

	<u>Employee</u>	<u>Employer</u>	<u>Employer 401(k)</u>
Contributory System			
111 - Local Governmental Division Tier 2	N/A	15.66	1.150%
Noncontributory			
15 - Local Governmental Division Tier 1	N/A	18.47	N/A
Tier 2 DC Only			
211-Local Government	N/A	6.69	10%

For the fiscal year ended June 30, 2020, the employer contributions to the System were as follows:

<u>System</u>	<u>Employer Contributions</u>	<u>Employee Contributions</u>
Non Contributory System	\$ 15,114	\$ -
Tier 2 Public Employees System	\$ 4,018	
Total Contributions	<u>\$ 19,132</u>	<u>\$ -</u>

**Pension assets, liabilities, expense, and deferred outflows of resources and deferred inflows of resources related to pensions**

At June 30, 2020 the City reported a net pension asset of \$0 and a net pension liability of \$31,164

	<u>Net Pension Asset</u>	<u>Net Pension Liability</u>	<u>Proportionate Share</u>	<u>Proportionate Share December 31, 2017</u>	<u>Change (Decrease)</u>
Noncontributory System	\$ -	\$ 30,970	0.0082173%	0.0090812%	0.0008639%
Tier 2 Public Employees Sytem	-	194			
Total Net Pension Asset/Liability	<u>\$ -</u>	<u>\$ 31,164</u>	0.0008636%	0%	0.0008636%

The net pension asset and liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension asset and liability were determined by an actuarial valuation as of January 1, 2018 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer’s actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2020, the City recognized pension expense of \$14,163.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 10 – STATE RETIREMENT PLANS (Continued)**

At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pension plans from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,871	\$ 512
Changes in assumptions	3,362	6
Net difference between projected and actual earnings on the pension plan investments	-	15,811
Changes in proportion and differences between contributions and proportionate shares of contributions	1,693	7,733
Contributions subsequent to the measurement date	9,850	-
Total	\$ 17,776	\$ 24,062

The \$9,850 was reported as deferred outflows of resources related to pensions resulting from contributions made prior to the fiscal year end, but subsequent to the measurement date of December 31, 2019. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	Deferred Outflows (Inflows) of Resources
2020	\$ (3,789)
2021	(6,501)
2022	(71)
2023	(5,988)
2024	27
Thereafter	187

**Actuarial assumptions** – The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25-9.75 percent, average, including inflation
Investment rate of return	6.95 percent, net of pension plan investment expenses, including inflation

Mortality rates were developed from actual experience and mortality tables, based on gender, occupation and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2019, valuation were based on the results of an actuarial experience study for the five year period ending December 31, 2016.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 10 – STATE RETIREMENT PLANS (Continued)**

The long-term expected rate of return on pension plan investments was determined using a building-block method which provides best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Asset Allocation	Expected Return Arithmetic Basis	
		Real Return Arithmetic Basis	Long-Term Expected Portfolio Real Rate of Return
Equity securities	40%	6.15%	2.46%
Debt securities	20%	0.40%	0.08%
Real assets	13%	5.75%	0.86%
Private equity	9%	9.95%	0.90%
Absolute return	18%	2.85%	0.46%
Cash and cash equivalents	0%	0.00%	0.00%
Totals	100%		4.75%
	Inflation		2.50%
	Expected arithmetic nominal return		7.25%

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50% and a real return of 4.45% that is net of investment expense.

**Discount rate** – The discount rate used to measure the total pension liability was 6.95%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates, actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount rate remained unchanged at 6.95%.

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 10 – STATE RETIREMENT PLANS (Continued)**

Sensitivity of the City’s proportionate share of the net pension asset and liability to changes in the discount rate – The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 6.95%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95%) or 1-percentage-point higher (7.95%) than the current rate:

	1% Decrease (5.95%)	Discount Rate (6.95%)	1% Increase (7.95%)
<b>Proportion Share of</b>			
Non Contributory System	\$ 96,730	\$ 30,970	\$ (23,873)
Tier 2 Public Employees System	1,675	194	(950)
Total	\$ 98,405	\$ 31,164	\$ (24,823)

Pension plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued URS financial report.

**Defined Contribution Savings Plan**

The defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

The Town of Eureka City participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401 (k) plan
- 457 (b) plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30, were as follows:

	2020	2019	2018
<b>401 (k)</b>			
Employer Contributions	\$ -	\$ -	\$ -
Employee Contributions	\$ 264	\$ -	\$ -
<b>457(b) Plan</b>			
Employer Contributions	\$ -	\$ -	\$ -
Employee Contributions	\$ 3,900	\$ 3,900	\$ 6,000

**TOWN OF EUREKA CITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

---

**NOTE 11 - LITIGATION**

The Town is defendant in certain legal actions and pending actions, or in process for miscellaneous claims. The ultimate liability that might result from the final resolution of the above matters is not presently determinable. Town management is of the opinion that the final outcome of these matters will not have an adverse material effect on the Town's financial statements.

**NOTE 12 - RISK MANAGEMENT**

The Town is exposed to various risks of loss related to: torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

It is the policy of the Town to purchase commercial insurance for these risks. Various policies are purchased through an insurance agency to cover liability, theft, damages, and other losses. A minimal deductible applies to these policies, which the Town pays in the event of any loss. The Town also has purchased a workers' compensation policy. Losses have not exceeded coverage during the last three years.

**NOTE 13 – COMMITMENTS**

The City is involved in a major water and wastewater project. The City's commitment to contractors for the water project and wastewater project at June 30, 2020 is \$31,072 and \$102,207 respectively.

**NOTE 14 – SUBSEQUENT EVENTS**

In preparing these financial statements, the Town has evaluated events and transactions for potential recognition or disclosure through December 19, 2020, the date the financial statements were available to be issued.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Town Council  
The Town of Eureka City  
Eureka, UT

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Eureka City, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town of Eureka City's basic financial statements, and have issued our report thereon dated December 19, 2020.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Eureka City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Eureka City's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Eureka City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies [20-1].

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of Eureka City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Town of Eureka City's Response to Findings**

The Town of Eureka City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Town of Eureka City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Gilbert & Stewart*

December 19, 2020

**TOWN OF EUREKA CITY**  
**SCHEDULE OF SIGNIFICANT DEFICIENCIES**  
**FOR THE YEAR ENDED JUNE 30, 2020**

1. Year End Reconciliations

**Finding:** During the audit we noted that certain year end accruals and entries were not made. We are aware that the Town has acquired the services of their accounting software provider to provide some assistance. The Town is looking to involve him more in the year end accounting and entries. We recommend that the Town involve their software provider more in the current year to provide financial accounting review and year end entries and accruals.

**Response:** We will take steps to have additional financial accounting services to provide additional review and assistance with year end entries and accruals.

---

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
AS REQUIRED BY THE *STATE COMPLIANCE AUDIT GUIDE***

Honorable Mayor and Town Council  
Town of Eureka City  
Eureka, UT

**Report on Compliance**

We have audited Town of Eureka City's compliance with the applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, that could have a direct and material effect on Town of Eureka City for the year ended June 30, 2020.

State compliance requirements were tested for the year ended June 30, 2020 in the following areas:

- Budgetary Compliance
- Fund Balance
- Fraud Risk Assessment
- Cash Management
- Treasurer's Bond
- Open and Public Meetings Act

***Management's Responsibility***

Management is responsible for compliance with the state requirements referred to above.

***Auditor's Responsibility***

Our responsibility is to express an opinion on Town of Eureka City's compliance based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the Town or its major state programs occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with state compliance requirements and for each major state program. However, our audit does not provide a legal determination of the Town's compliance.

### ***Opinion on Compliance***

In our opinion, Town of Eureka City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Town for the year ended June 30, 2020.

### ***Other Matters***

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide* and which are described in our letter to management dated December 19, 2020 as item 2020-1 through 2020-3.

Town of Eureka City's response to the noncompliance findings identified in our audit is described in our letter to management as 2020-1 through 2020-3. Town of Eureka City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### ***REPORT ON INTERNAL CONTROL OVER COMPLIANCE***

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town's internal control over compliance with the compliance requirements that could have a direct and material effect on the Town to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance with state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a state or major state program compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
